Where in the world?

Working in small groups, look at the photographs below of people whose lives have been affected by flooding around the world.

Cut out the pictures and discuss where you think the photographs are from before placing them on the world map.
Beat the Flood

World map

Cut out the pictures of people affected by flooding and place them where you think they are from on the world map below.

Which of the people in these photographs do you think would be most devastated by flooding and why?
